MENACE OF DRIVE HINGES ON WIDTH

Must Measure German Advance
by Breadth of Front Main-
tained, Says London Press.

London, March 29.—Editorials in the morning newspapers today comment in grave but confident tones on what the majority characterize as a fresh crisis in the battle.

The Daily Mail, alluding to the new enemy thrust at the French, says: "The question is whether the French can beat back this new and terrific attack. Southeast of Montdidier they recovered nearly two miles of ground yesterday by a dashing counter stroke but Montdidier still remains in the hands of the Germans."

"The new German advance not only threatens the southern flank of the

Amiens position but menaces Paris also and endangers the stability of the whole line. The fate of the allied armies will be to try to hold the Germans to the utmost."

Emphasizing that the Germans continue to hold Montdidier and are apparently astride the main railway line from Amiens to Paris, the Daily Express says:

"This is serious if the advantage can be held; yet it is of great importance that the French line is still unbroken. It would be as great a folly to take a too optimistic as a too pessimistic view of the situation. The struggle is not over. We must abide the issue calmly and go about our business unperturbed in the spirit which animated our forefathers in kindred emergencies."

Counter Stroke Coming.

The Daily Chronicle hints at a coming entente counter stroke, saying: "The seriousness of the loss of Montdidier, where the enemy has cut the Paris-Amiens railway is difficult to estimate as we have no indication as to the width of the front at that point of the German advance. The further the arrowheads of this advance are driven the more important these questions become. It is because the offensive the enemy exposes himself increasingly to counter strokes against his flank similar to those which we suffered at Cambrai."

"While the allies naturally are fighting their hardest to prevent the enemy from gaining further ground it is unlikely they will devote their main reserves to this task. The object for which these reserves are being concentrated is not to check the German advance but to undo it and in that sense the most important phase of the battle has not yet developed."

The Daily News, considering the situation serious, says: "In the future the only thing which could conceivably give ground for serious disquietude to the friends of the allies would be prolonged absence of any sign of reaction on the part of French and British armies."

This paper concedes that the question is a technical one for the high command to decide, but says:

"Other things being equal, the psychological factor involved in any long delay ought not to be overlooked. Both the French and British peoples have borne with admirable firmness and fortitude the blow aimed at them."

DEMANDS CENSOR FOR COMMITTEE

Senator Wadsworth Calls Attention to Recent Publication of Information Committee.

Washington, March 29.—Publication by the committee on public information in its official bulletin yesterday of airplane photographs captions which the senate military committee recently declared "damaging" and ordered suppressed, was severely denounced today in the senate.

Senator Wadsworth called the senate's attention to the publication of the captions which he said the committee had banned, and added: "It is time the public information committee had a censor."

Senator Thomas also expressed surprise in view of the military committee's disapproval.

Senator Thomas declared he thought the time has come when "congress should have something to say regarding publication of this kind," referring to the official bulletin.

Senator New asked if the official bulletin was not "primarily a direct fraud on the press of the country," to which Senator Thomas replied that it was "primarily, directly and indirectly."

Senator Smith, of Georgia, denounced what he called the "nose system" prevailing in the management of the committee on public information.

TRIBUTE TO BRAVERY OF BRITISH SOLDIERS

Amsterdam, March 29.—The semi-official North German Gazette of Berlin pays this tribute to the bravery of the British troops in France:

"The British soldier defended himself heroically. His batteries fired until our riflemen overpowered the men serving the guns. His infantry stood their ground firmly and engaged in hand-to-hand fighting. Not only was every fortified base and every trench and every railway embankment defended with the greatest stubbornness, but Britain's brave mercenaries ever nestled in the last crumbling places."

"But all this bravery only contributed to increase the enemy's losses. Truly our opponent has not made victory easy for our troops. The enemy battalions immediately assembled for counter-thrusts wherever an opportunity appeared favorable. Even the cavalry threw themselves in resolute on slaughtering our storming battalions to prevent them from breaking through, but all in vain."

POSTPONE PROBE OF MEAT PACKERS

Washington, March 29.—Indefinite postponement of the federal trade commission's investigation of the meat packers at New York was announced today by Francis J. Heney, the commission's counsel, upon his return here. Conditions found at New York, Heney said, precluded the advisability of an investigation at this time, but he indicated it would be held later. He also said the investigation would be resumed at Chicago at a later date.

SAILOR FALLS OVERBOARD AND IS DROWNED

Washington, March 29.—John Barker Hetherington, of Jersey City, a seaman of the naval reserve, fell overboard from the U. S. S. Rutoma March 26 and was drowned, the navy department today announced. His body was not recovered.

Germany Still Objects To Francis' Declaration

Moscow, Thursday, March 29.—(By the Associated Press.)—Germany has protested again to the bolshevik government against the declaration last week of David R. Francis, the American ambassador, that Russia will become a German province if it submits to the peace terms of the central powers. According to the German contention, this was a violation of the peace treaty. The government replied that the ambassador's statement was merely a reproduction of the telegram which was addressed to the all-Russian congress at Moscow, which ratified the peace treaty. The government declares it maintains toward the ambassador's declaration the same attitude that was adopted in respect of the telegram sent to Moscow.

MARCH SEES NO CAUSE FOR ALARM

Acting Chief of Staff Declares
Allies Will Win—U. S.
Sure to Have Part.

Washington, March 29.—American military observers appeared confident today that the allied counter offensive will not be long delayed and seemed equally satisfied that a substantial American force will enter the battle when the signal for the Anglo-French stroke is given.

Still without word from Gen. Pershing regarding reports that American troops already had taken part in the fighting, Maj. Gen. March, acting chief of staff, last night assured the American people that there was no cause for alarm in the German advance.

"Whatever may be the present ground held by the Germans," Gen. March said, "whatever sacrifice of men the situation may entail, the allies will see it through and will win."

Haig's Report Encouraging.

Belief that the turning point is near was strengthened by Field Marshal Haig's announcement that German attacks along the British front yesterday had been beaten off and news that the French south of Noyon had driven the enemy back two miles on a six-mile front.

Officers also found considerable material for speculation in the London dispatch quoting the Daily Chronicle that "an announcement bearing on the co-ordination of the British and French military exertions in France may be expected almost immediately." The dispatch said an influential role may be assigned to Gen. Foch.

Comment also was heard on the extent of the German efforts as indicated by Gen. Pershing's report last night that four new German divisions from the Russian front had been identified.

GIVE A BILLBOARD

Novel Way to Do 'Bit' Is to Supply Advertising Space.

The move is on for billboards to be built in every town to advertise the thrift stamp and war savings certificate campaign. In The News Thursday appeared the offer of the Stoops Advertising and Bill Posting company to furnish free posters to be placed on the boards to be built by patriotic citizens in each town.

A board of uniform size as required by the government is twenty-five feet long and twelve feet high and only requires about 450 feet of lumber to build

TO REMOVE DANDRUFF

Get a bottle of Danderine at any drug store, pour a little into your hand and rub all into the scalp with the finger tips. By morning most, if not all, of this awful scurf will have disappeared. Two or three applications will destroy every bit of dandruff, stop scalp itching and falling hair.—(Adv.)

it out and out.

Complete specifications will be furnished by the Stoops advertising company to any citizen of any town in the southern states who will, through patriotic service, build one board to be used by the government in advertising the thrift stamp campaign and food conservation.

The billboards built in Chattanooga recently, eight in number, were donated by patriotic citizens. They stand at the following places, as constant reminders to "Save Food" and "Buy Thrift Stamps":

One at city hall, courthouse, postoffice, corner Ninth and Market, on Georgia avenue between Tenth and Eleventh streets on Market between W. & A. crossing and King street, at the Union station and at the corner of Market and Seventh streets.

TEN MEXICANS AND U. S. CAVALRYMAN ARE KILLED

Fight on Border Result American Troops Pursuit of Bandits.

Marfa, Tex., March 29.—Ten Mexicans and Private Theodore K. Albert, an American cavalryman, were killed yesterday in a fight between United States cavalry and Mexican bandits near Pecos, Mex., southeast of Valentine, Tex., according to official advices received here today. The fight followed a pursuit after the Mexicans who raided the Neville ranch, killing Glenn Neville.

Ten Mexicans were wounded during the running fight. The expedition across the line following was in personal command of Col. Geo. Langhorne, commander of the Big Bend district. The cavalry troop recrossed to the United States late yesterday, having marched seventy-five miles in thirty-six hours, fighting the engagement in the meantime.

Gen. Jose Murguia, commander of the Ojinaga district, sent Col. Langhorne a formal protest against the crossing of American troops in pursuit of the bandits, stating he intended sending federal troops to oppose their invasion. However, the cavalry troops returned across the border without seeing any federal soldiers.

Things Needed By Officers in France

If below the grade of major, the officer will be limited to three pieces of baggage, weighing 250 pounds total.

- They should be as follows:
- *Regulation army locker.
 - *Army bedding roll, stuffed full.
